

STUDENT ASSISTANT

MARKETING & COMMUNICATION

THE JOB

Job description

Do you dream of being part of a growing company - both international and national? Do you have the courage to tackle a wide range of professionally developing communication and marketing tasks? Then maybe it's just you we're missing.

We are right now looking for a student assistant to our Marketing team. We are a small – but ambitious team. We are looking for you who has some technical knowledge, creative mind and you thrive in a busy environment.

What you bring:

- You are in the middle of your bachelor/master within the area IT, communication, marketing etc.
- Some technical knowledge
- Creative mind
- Some knowledge about Digital marketing, content writing
- *If you have experience with SEO and Google Ads this will be a huge plus.*
- You write and speak Danish and English on a professional level
- Excel experience

Your tasks

- Content writing
- Sales presentations
- General maintenance of material, graphics, homepage
- Assistance for digital marketing, ads, campaign, analyze etc.
- Idea generation

What we offer

- A professional, informal and international environment
- Professional and personal development
- A possibility for independent work as well as teamwork
- A place to grow, a place where your inputs and ideas can be worthwhile
- Good colleagues
- Flexible work schedule

ABOUT SOLITWORK

Solitwork delivers next generation Digital Finance solutions. With unparalleled technology and highly competent consultants, we are changing the way our customers work with data.

We automate time-consuming and complex processes and enable better data-driven decisions.

Our intuitive self-service data platform lets the client gather all his data and processes around analytics, consolidation, budgeting and advanced analytics in a single solution.

Easy, efficient and powered by leading technologies and tools from Microsoft. Since 2002, we have been supporting many of the most data ambitious companies in Denmark and have done so since 2002.

In January 2022, we established our first international subsidiary in Hamburg, Germany.
